“ Every day, on every project,
we are helping to create
a more adaptive, resilient,
and sustainable world. ”

Our Story. Our People.

SumCo Eco-Contracting (SumCo Eco) is a civil, site, marine, landscape, and environmental construction company devoted to the specialized field of ecological construction. Founded in New England in 2006 and expanded to the Mid-Atlantic region in 2019, we have been privileged to serve as construction partner on thousands of eco-improvement projects across the region.

SumCo Eco's professional staff includes ecologists, engineers, and experienced restoration professionals. Our veteran team uses the latest construction equipment and technology to complete projects characterized by challenging locations, difficult conditions, and the convergence of multiple disciplines.
